**LETTER OF ACCEPTANCE**  
**No: 228-3227/LoA/ASSET/UPGRIS/I/2026**

Dear : **Garry Nelson<sup>1</sup>, Istiqomah<sup>1,2</sup>, Fiky Y. Suratman<sup>1,2\*</sup>**

We are glad to inform that your paper:

Title : Real-Time Human Fall Detection System Using FMCW Radar and a Transformer–Temporal Convolutional Network–Multi-Head Self-Attention Network  
Author : Garry Nelson<sup>1\*</sup>, Istiqomah<sup>1,2</sup>, Fiky Y. Suratman<sup>1,2\*</sup>  
Affiliation : <sup>1</sup>School of Electrical Engineering, Telkom University, Bandung 40257, Indonesia  
<sup>2</sup>Telkom University Center of Excellence Intelligence Sensing–IoT, Telkom University, Bandung 40257, Indonesia

It has been **accepted** for publication in the Advance Sustainable Science, Engineering and Technology (ASSET) <https://journal2.upgris.ac.id/index.php/asset/index> , and will be published in issue **9(1) January 2027**

**ASSET journal has been indexed by:**

**\*SCOPUS Q3** (Electrical and Electronic Engineering = 26th percentile):

<https://www.scopus.com/sourceid/21101238563>

**\*SINTA 1** = <https://sinta.kemdiktisaintek.go.id/journals/profile/9529>

This significant achievement reflects our commitment to quality and the impactful contributions of our authors and reviewers.

Thank you very much for your cooperation and for entrusting your article to be published in our journal.

Sincerely yours,  
Semarang, Jan 13 2026  
Editor in Chief ASSET
